

Chestnut Class Farm Trip

25th February 2016

Awbridge
Primary School

Chestnut Class had the most amazing time at Long-down Activity Farm. A lady from the farm called Kerry took us on a great tour where we were farmers for the day and had to help with lots of different jobs at the farm. It was great fun! We fed lots of animals, such as calves, lamb, horses, goats and piglets. They were all so greedy!! We then had to help deliver some eggs to the farm shop, we had to make sure we held our egg very carefully so that it didn't crack on the way to the shop. We were very excited when we were allowed to hold a chick, some of us were so gentle that the chicks fell asleep on us and had to be woken up! We then got to stroke a rabbit, brush a goat and stroke a chicken. We learnt so much about all of the animals and looked at similarities and differences between them.

Our behaviour was fantastic and the grown ups were so proud and impressed with how well we adapted our behaviour to the setting we were in. We listened and followed instructions well and all 30 of us made it back to school in one piece!!
