

Remembrance Sunday

13 November 2016

Awbridge
Primary School

On Remembrance Sunday the school opens its doors to the village, for a Remembrance Service.

The service starts in the hall before moving across the road to the village Memorial Cross. Serving men and women from the 206 Signal Squadron also attend.

Wreaths are laid, including one from the school.

It is a very special way for the community, young and old to come together to remember those who have given their lives for their country or have been affected by war.
