

Willow 'Under the Sea'

Theme Day

Awbridge
Primary School

To celebrate the start of the summer term and the new topic in Willow class, the children came to school dressed for the beach. Despite the rain outside the sun was shining in Willow class as the children donned their sun hats and shades!

The children took part in a variety of seaside themed activities. They carried out a drama work-

shop; packing their bags and jetting off into the sun. They created passports to show at the airport/ferry terminal and they then had the opportunity to write home from their chosen holiday destination in the form of a postcard.

In the afternoon the children carried out some geography work, locating the different oceans and continents. They discussed where would be a good place for a seaside holiday.
